

Federal Bonding Program

The Federal Bonding Program was created as an incentive for employers to hire "at-risk," hard-to-place job seekers and may provide an employer a business insurance policy that protects the employer against loss of money or property due to employee dishonesty. The bond is good for six months for the amount of \$5,000 at no cost.

Where To Obtain Federal Bonding Program

To request a Federal Bond, the employer must call the Bonding Coordinator on the new employee's start date. A simple 10 minute telephone interview takes place. A confirmation letter is then sent to the employer and the McLaughlin Company, issues the bond directly to the employer.

Work Opportunity Tax Credit (WOTC)

The Work Opportunity Tax Credit is a Federal tax credit available to employers for hiring individuals from certain target groups who have consistently faced barriers to employment. WOTC helps targeted workers move from economic dependency into self-sufficiency as they earn a steady income and become contributing taxpayers, while participating employers are able to reduce their income tax liability.

The Vow to Hire Heroes Act credits and the credits which expired on December 31, 2011 were both extended with the American Tax Relief Act of 2012 to December 31, 2013.

Minimum Employment or Retention Period

New adult hires must work a minimum of 120 hours.
